

TRACTOR SHOW

COMMITTEES MEET AND BANQUET, THEN PLAN WORK

Sixty Glendale citizens, ladies and gentlemen, met last night at the White Inn with four guests from Los Angeles headquarters of the National Tractor Show to plan co-operative work by the various committees appointed at a former meeting. The business meeting was opened immediately after the feast ended, as the Los Angeles guests had to leave early to attend the regular monthly meeting of their own association at the Athletic Club house.

The City Manager called on W. W. Rainey, Los Angeles Manager of the Show, for the first address. He stated that General Manager Guy H. Hall had been working out of Kansas City for several weeks, getting in touch with big tractor and implement manufacturers all over the United States and with the national farm and trade papers, but that he is now on the job in Los Angeles and making things move. He said 70,000 square feet of exhibition space has already been sold, the Ford Motor Company of Detroit applying for 1000 feet; this is the first time they have bought space direct from the factory for any kind of a national show, automobile or otherwise.

Guy H. Hall was next called on and he made a hit from the start. He said this was serious business and must be gone at seriously. He noted that this was the first national tractor show which had been honored by the ladies taking a part in it and he knew it would be a great success on that account, as well as others. He said 10,000 colored show cards, looking like oil paintings, samples of which had been shown, had been ordered for general distribution and 250,000 stickers. He introduced H. E. Stewart, special representative of the Potts-Turnbull Advertising Company of Kansas City, one of the largest in the United States, who had been in Los Angeles with him for a week assisting to get the advertising campaign started. Mr. Hall said hard work and earnest co-operation were necessary to make a great success of this show. He considered that the housing problem was very important for many thousands of visitors would be here and not only ample auto-parking space must be provided, but citizens must open their homes to provide at reasonable rates for night accommodations for the many guests. At this juncture Mrs. E. H. Willisford, president of the Tuesday Afternoon Club, to which the housing problem has been assigned, asked several questions of the speaker in regard to the probable number of visitors and how best to handle them; if it might not be possible to put up tents on vacant lots if space in homes was not sufficient. Mr. Hall gave this his approval and advised that fair charges for accommodations be insisted on. Mr. Hall's talk was extremely optimistic, but he insisted that Glendale had a big job on her hands which required united, earnest effort.

A. W. Hudson, vice-president of the Southern California Tractor Association, who had met with the Glendale workers before, merely gave greeting and good-bye to the assemblage.

Chas. L. Chandler, chairman of the Auto Parking Committee, was then called upon. He stated that efforts would be made to provide large parking space in Verdugo Canyon and if necessary in the new park on Patterson avenue. He said we must all realize that we have a big job on hand to provide parking space for thousands of autos and light, water, toilet accommodations and cooking facilities for their occupants, but we can do it if we work together.

C. C. Cooper, Chairman of the Reception Committee, spoke briefly and to the point, saying he and his associates were ready and willing to do everything in their power to properly receive and entertain the coming guests.

Mrs. E. H. Willisford for the Tuesday Afternoon Club thanked the Association for the honor conferred on the ladies and said the work assigned would be accomplished. She made several pertinent suggestions and asked that a secretary be provided to keep list of house owners who will furnish accommodations. On motion of Mr. Rowley the request was granted.

Geo. T. Paine tendered the use of the Elks' Club house for the entertainment of visitors and said the entire building was at their disposal.

A. T. Cowan proffered the free use of the columns of the Glendale Evening News.

ENGLEHORNS SELL

DISPOSE OF THEIR HOME ON LOMITA TO NEW COMERS FROM NEW YORK

Mr. and Mrs. Philip Englehorn on Thursday evening sold their home at 312 East Lomita avenue and all its furnishings except bed and table linen, silver, china and a few pieces of furniture retained, to Mr. and Mrs. Alfred J. Bechtel of New York City who arrived in Southern California about a week ago and were charmed with Glendale and very glad to secure the Englehorn property without any quibbling about price.

Mrs. Englehorn has been suffering from sciatica and finds the climate of the beach agrees with her better than the foothills. She and her husband therefore wish to transfer their residence to sea level and to be relieved of the care and responsibility of a home here which might be neglected if turned over to tenants and so, in spite of their great attachment to their cosy home and to the furnishings which are endeared to them by many associations, they are glad to be free and foot-loose so that Mrs. Englehorn may make a business of getting well before they locate permanently again. They have been residents of Glendale about 12 years and have witnessed its development as a city.

Mr. Bechtel has been connected with steel works in the east. He plans to build a garage and make a few minor improvements.

BIBLE SCHOOL ENDS

PUPILS GIVE DEMONSTRATIONS AND RECEIVE AWARDS OF MERIT

An audience which filled the main auditorium and the Sunday School annex assembled at the Glendale Presbyterian Church Friday evening for the commencement exercises of the Daily Vacation Bible School which has been conducted at the church during the month of July and which has been a far greater success than even its most ardent promoters expected. The enrollment has exceeded 200 and the daily attendance has averaged 125. The work has included the memorizing of a repertoire of songs, the study of Bible stories and their moral application, outdoor sports and work in arts and crafts, paper work for the kindergartners, weaving, moulding, basketry and woodwork. This last was on display and was duly inspected and admired by the interested audience which was made up of parents and friends of the students.

At the close of the program a very brief statement was made by Fred Hoffman, who, as superintendent, has conducted the school and who directed the exercises last night. He has been assisted by a corps of teachers, most of whom have been voluntary workers. Four department leaders have been paid the munificent sum of \$25.00 each. He explained that the other expenses including materials have amounted to \$125.00, making the total cost of the school \$225. Of that sum about \$100 has been met by the daily collections. At the close of the evening a collection was taken and whatever balance may remain will be met by the church which is well pleased with the results of the school. It was certainly an enthusiastic bunch of youngsters, a great many of them boys, who sang lustily and were enthusiastic in recitations of Bible verses and Bible stories, as well as in response to George Hall when he led the school in a series of spirited yells in a thoroughly professional manner which will make him a prized member of the High School student body some day.

The program opened at 7:45 with a procession in which flags were carried, and it closed with salutes to the two big flags of the school, Old Glory and the flag bearing the cross of Christ.

The hymns sung by the children included "Holy, Holy, Holy," "Yield Not to Temptation," and other special songs favored by the children, such as "Say, My Chum," "Hold the Fort," "Real Good Church" sung to the tune of "The Long, Long Trail," the song "Smile, Smile, Keep on Smiling," to the tune of "Tramp, Tramp, Tramp," and "Everybody Ought to Love Jesus."

Margaret Lou Cory told the story of "The Sower," Howard Van Loon the story of the Good Samaritan, Ruth Vogel the story of Joseph, and Mr. Hoffman told the story of "The Healing of Naaman."

Twenty-five children who had perfectly memorized twenty-four pas-

SOVIET REVOLUTION POSSIBLE

FIGHTING CONTINUES IN GALICIA ALTHOUGH POLISH ARMISTICE DELEGATES HAVE CROSSED LINE

(Special Service to Glendale Evening News)

PARIS, July 31.—Confidential advices received by the foreign office indicate the possibility of the Soviet army rebelling against the Soviet government. Relations between military leaders and Moscow headquarters are strained following the refusal of the military to call off the Polish offensive.

Talk of a general uprising by General Louchacevsky's forces was given credence today through the fact that most of Louchacevsky's officers were former regulars in the Czar's army and have since given their support to the Soviet. The same spirit of independence exists in the Caucasus where the 11th army is located.

WARSAW, July 31.—A Bolshevik revolution has overthrown the Lithuanian government according to dispatches received here.

WARSAW, July 31.—Armistice negotiations with the Bolsheviks have begun. The Polish delegates crossed the lines last night. The Poles were assured that International Armistice rules would be observed by the Bolsheviks. Meanwhile the Reds are reported as advancing on Galicia where the fighting continues.

LONDON, July 31.—A Moscow wireless says the Bolsheviks have captured Bielsk and have reached Brest Litovsk.

CANTU WATCHES U. S. BORDER

AMERICANS AT CALEXICO BELIEVE TROUBLE WILL BE SETTLED BY APPOINTMENT OF NEW GOVERNOR

(Special Service to Glendale Evening News)

CALEXICO, July 31.—Customs and immigration officials at Mexicali stated today that there is virtual if not actual severance of relations between Governor Cantu and the provisional government.

Governor Cantu has instituted rigid restrictions to prevent Obregonistas from crossing into Lower California from California to take arms against Cantu, at the same time there is a possible attack at Ensenada.

Americans are inclined to believe the difficulty will be settled by the appointment of a successor to Cantu through the cooperation of the Cantu commission which is now in Mexico City.

MYSTERY IN MILLIONAIRE'S DEATH

CORONER'S OFFICE BELIEVES CHICAGO JEWELER MET HIS DEATH BY FALL WHILE INTOXICATED

(Special Service to Glendale Evening News)

CHICAGO, July 31.—Samuel T. A. Loftis, millionaire jeweler, who was found dead in his bachelor apartments last night, was killed accidentally by a fall while intoxicated, the coroner's office intimated following an autopsy by Dr. William Simonds, who said Loftis died from "cerebral hemorrhage caused by external violence." Miss Ruth Woods, who spent the evening in Loftis' apartment, and Roy M. Shane, her fiancé, and son of a prominent furrier, who went to the apartment in answer to a telephone appeal from Miss Woods are both being held. They cling to their original declaration that Loftis met Shane at the door, invited him to come in and have something to drink, and then pitched over on the floor dead. The inquest is being continued indefinitely.

MINERS ORDERED TO RETURN TO WORK

(Special Service to Glendale Evening News)

INDIANAPOLIS, July 31.—President Lewis of the United Mine Workers has issued an order directing the miners to return to work. He declared his order followed President Wilson's appeal.

sages of Scripture together with the reference for each one were assembled as a class and each in turn recited a verse giving its Bible reference. After they had taken their seats Mr. Hoffman announced the reference and the children recited the verse called for in concert, a memory test that greatly impressed the audience, the more so as some of the honor students were little tots scarcely tall enough to be seen from the rear of the room. Besides a blue ribbon award these twenty-five children were presented with copies of the New Testament. The list included: Ruth Vogel, Mabel Harrison, Louise Daugherty, Barbara King, Helen McCormick, Dana Van Loon, Forrest Krug, Spencer Jewell, Adrienne Lawrence, Harold Richardson, Elizabeth Simpson, Ralph Stanley, George Hall, Ruth Jones, Edgar Colvin, Joe Hall, Kathleen Morrison, Genevieve King, Nyla Chapman, Helen Stanley, Lorena Dorsey, James Edmonds, Esther Edmonds.

Special blue ribbon awards for proficiency in arts and crafts were bestowed as follows: Virginia Burdick, Ruth Edmonds, Elizabeth Mc-

Ghee, Esther Philippi, Ruth Jones, Winifred Thompson, Myla Chapman, Lois Wardell, Elizabeth Simpson, Margaret Thompson, Virginia Bandino, Louise Daugherty, Alene Darby, Ruth Vogel, Genevieve King, Esther Edmonds, Verna King, Madeline Guglichmine, Helen McCormick, Alice Bains, Margaret Brown, Virginia Phillips, Mabel Ruth Mercer, Kathleen Morrison, Evelyn Motz, Helen Hock, Frances May, Fern McGrew, Mabel Harrison, Mary Dampf and Barbara King. Honorable mention was also given Lorena Dorsey, Gladys Cornell, Elizabeth Motz and Marie Rapp.

Blue ribbons went to George Hall, the yell leader, and to Gladys Cornell, the song leader.

Awards to boys for work in arts and crafts were as follows: Wallace Trau, Forrest King, Edgar Colom, Shirley Preston, Robert Leich, William Thompson, Vernon Turner, John Frank, Jack Eberlein, William Raley, Carl Clutter, Robert Finlay, Robert Boyd, John Diederich, Riley Lyons, Spencer Jewell, James Ed-

EVENING OF MUSIC

DR. AND MRS. COLIN CABLE ENTERTAIN AND INTRODUCE NEW COMERS

Thursday evening, Dr. and Mrs. Colin Cable entertained with a musical evening, the guests of honor being Mrs. Fickessen and her daughters, Miss Fickessen and Miss Natalie Fickessen, of Los Angeles, and their friends, Mr. and Mrs. M. P. Jones and son of Mrs. Jones, Paul Murdy, who have recently come to Glendale and are occupying property at 309 East Elk avenue. They came for the health of Mr. Murdy who was in quite a critical condition but so effective has been the cure that his mother reports a gain in weight of ten pounds in four days and an insatiable appetite. They naturally have a very high opinion of our city.

Mr. Jones is a wizard in the playing of stringed instruments and the things he can do with a banjo are quite astonishing. He also plays beautifully the Hawaiian guitar, and most of the evening's program was contributed by him either in solo numbers, duets with his stepson or trio numbers in which Mrs. Jones furnished a fine piano accompaniment.

The program included: Guitar solos, Mr. Jones, "Somewhere a Voice Is Calling" and "Carry Me Back to Old Virginia."

Banjo duet, "Dardanelle," Mr. Jones and Mr. Murdy.

Songs, Mrs. Frank Arnold, with piano accompaniment by Miss Gertrude Champlain, "Thou Art So Like a Flower" and "Come, Will You Come to Me?"

Trio, piano and banjos, Mr. and Mrs. Jones and Mr. Murdy, selections from "Chimes of Normandy" and a Schubert composition.

Readings, Mrs. A. H. Montgomery, "The Portrait" by Owen Meredith and "The Swedish-American's Account of Sheridan's Ride."

Song, Mrs. Arnold, "O Lovely Night!"

Piano solo, Miss Champlain, "Sextette from Lucia" and as an encore a charming little composition by Gluck.

Banjo number with piano accompaniment, Mr. and Mrs. Jones, "Andante Polonaise" by Mezzacapo, and "Sleep, My Honey, Sleep."

Hawaiian melodies played by Mr. Jones on the guitar without accompaniment, completed the music of the evening after which delicious refreshments of fruit punch, ice cream and cake all personally made by the capable hostess, were served.

The house was charmingly decorated with seasonal flowers, chiefly dahlias, and a delightful evening was spent by all who enjoyed the hospitality of the doctor and Mrs. Cable. Those bidden were: Mr. and Mrs. Frank Ayars, Mr. and Mrs. L. N. Hagood, Dr. and Mrs. Frank Arnold, Mr. and Mrs. LeRoy Bosserman, their sons Charles and Lyman Bosserman, Mr. and Mrs. L. V. Ashton, Dr. and Mrs. C. L. Marlenee, Mrs. A. H. Montgomery, Miss Manola Budd, Mr. and Mrs. Walter Jones, Mr. and Mrs. Edmond Shank, Miss Gertrude Champlain, Dr. and Mrs. E. H. Willisford, Mr. and Mrs. Charles Turck, Mr. and Mrs. Don Lindley, Mr. and Mrs. Roscoe Puffer, Mr. and Mrs. Roscoe Puffer, Jr., Mrs. John J. Fraser, Miss McGinnis of Chicago, Miss Green of Chicago, Mrs. Fickessen, Miss Fickessen and Miss Natalie Fickessen of Los Angeles, Mrs. and Miss Brady of New Orleans, Mrs. Blodgett of Philadelphia, Mrs. Head of Oklahoma, Mrs. Mabel Franklin Ocker, Mr. and Mrs. Jones, Mr. Murdy, Miss E. G. Gibbs, Mrs. Edith Cross of Glendale.

NEW RESIDENCE OF SCOVERNS

H. E. Betz has recently completed a residence building in the rear of the L. G. Scovern Undertaking Company Parlors at 1000 South Brand, for the occupancy of Mr. and Mrs. Scovern. It is of brick construction, containing five rooms and a kitchenette. The first floor is made up of three rooms and kitchenette, with screen porch at the back; while the second floor contains two rooms, bath and a pergola. The room nearest the street is one story and the pergola is over this room, making a sleeping porch. The outline of the building thus forms a sort of T.

Judge Harry Miller says he called up the Burbank Hospital about noon and was told that Constable H. E. Purrier, shot by bandits yesterday morning, passed a good night and that his condition was very favorable, with chances strong for his recovery. Judge Miller said he could learn no further particulars regarding the search for the bandits.

POISON VICTIMS

BAIRD AND WORLEY FAMILIES ARE RECOVERING FROM ILLNESS

Mrs. A. L. Baird, Mr. and Mrs. W. Worley and their guests who were poisoned by eating veal Tuesday evening, are showing their first improvement this morning. Mrs. Baird's temperature was normal for the first time this morning. Mr. Worley, whose condition gave his physician considerable concern, also took a turn for the better today. Mrs. Kelly, sister of Mrs. Baird, who did not seem to be affected at first became ill the following day and has been suffering considerably. Mr. and Mrs. Worley are still under the care of two nurses.

PREPARED MEATS SOMETIMES DANGEROUS

Mrs. Kate Mansford of 518 West Colorado street informed the Evening News this morning that Mr. McClellan, living just back of her on Elk avenue, brought home from Los Angeles a box of wienies last evening for his cat. He fed the animal two of them and in a short time it died in great agony, with all the symptoms of poisoning. Two were fed a pet fox belonging to Robert and John Copeland, Mrs. Mansford's grandsons, but the animal was made so sick it vomited and this saved its life. Mrs. Mansford thinks people should buy such meats this hot weather only from dealers they know and be careful in using them.

BEACH PARTY

A jolly party of Glendale people motored down to Hermosa Beach Wednesday morning to be guests of Mrs. Charles H. Temple. A delightful swim followed by luncheon at the hotel where Mrs. Temple and children are stopping was immensely enjoyed. The fortunate guests were Mrs. H. D. Goss, Mrs. Claud Case, Mrs. Walter Stamps and children Barbara and Doris, Mrs. E. F. McKee, Mrs. A. P. Findlay, Mrs. A. W. Tower and daughter Ruth, Mrs. S. J. Kuntzner and Mrs. Warren Roberts.

COMES FROM NORTH

Homer Lockwood motored down with his wife and children yesterday from San Francisco, where he is locating an agency for an Eastern book company he is western manager for. They recently sold their new home at 219 West Lomita Ave. and Mrs. Lockwood and the children went up to San Francisco to spend a few weeks with Mr. Lockwood while they made up their minds on a future location. Mrs. Lockwood says Glendale is their unanimous choice and they are now seeking a place to rent until they can build again.

PECULIAR ACCIDENT

Mrs. G. Stone of 1313 South San Fernando Road was driving north on Brand boulevard yesterday about noon in her Studebaker and at Harvard a man driving an Oakland west turned south and cut in to her right. In trying to avoid striking the other car Mrs. Stone swerved hers sharply and applied the brakes hard so that her car slid forward with the front wheels crosswise, breaking one of them all to pieces. The man driving the Oakland came back to see what damage was done but did not give his name, Mrs. Stone says, and drove away before she could get his number.

OUTING AT BEACH

Frank C. Ayars and family of 315 North Orange are leaving Monday for Hermosa Beach where they have a cottage for six weeks at Sixteenth and Speedway. They are looking forward to a real rest and of course some "dips" in the ocean, and Mr. Ayars assures the Glendale Evening News that for the next six weeks he will appear only in a bathing suit.

SELLS HOME

Judge Frank Templeton has sold his residence at 915 East Acacia to Mr. Furfuern of Philadelphia, who will go into business in Glendale. Judge Templeton has purchased a beautiful large home in Los Angeles on West 29th street, taking possession Monday. Believing he and his family will again return to Glendale, he has purchased property on Oak street which he will improve.

GAS INSPECTION

WHY NOT HAVE IT AND PREVENT SALE OF INFERIOR PRODUCT?

On a very recent Saturday afternoon a man drove slowly up to the front of an auto agency that handled gasoline and begged for a tank of the fuel. He said he had had his tank filled at another station and had been 40 minutes getting up to the main part of Glendale from the Tropico section. He asked that the alleged gasoline he had bought be drained from his tank and some of the real stuff put in. His request was complied with and the liquid taken from the tank had a curious smoky color and smelled like freshly laid asphalt. Evidently it was mostly distillate with possibly some water added. The man was supplied with some real gasoline and went on his way rejoicing.

The moral of this true story is this: Should not the city have some kind of an inspection of motor fuel? The refineries are compelled to manufacture gasoline that shall not come below a certain test. It was formerly 74 but is now down in the fifties somewhere, 54 probably. Very likely the filling stations all receive gasoline of the required test, but how easy it would be for a dishonest man, tempted by the chance of making easy money, to dilute this with distillate or some other cheaper stuff than gasoline? A city inspector could detect most of such frauds and save motorists from losing the money they pay for worthless fuel.

IMPERIAL COTTON FOR GOOD-YEAR TIRES

A remarkable coincidence just revealed in the announcement of the 1920 census returns for the most important trade centers in the Imperial Valley in Southern California, is that while this valley has the lowest elevation of any cultivated region of the United States, its percentage of increase in population for the past decade ranks among the highest announced to date. The entire valley, which was known to the early Spaniards as La Palma de la Mano de

Dios—The Hollow of God's Hand—from its basin shape, lies entirely below sea level. The marvelous growth of its three most important cities, Calexico, Brawley and El Centro, 681, 512 and 239 per cent, respectively, reflects the wonderful economic development of this now fertile community and augurs a substantial future.

From this reclaimed desert—the gift of the Colorado River—The Goodyear Tire & Rubber Company of California is securing a large portion of its long staple cotton for use in building tires. Cotton gins of suitable capacity have been erected in convenient parts of the valley. About 15,000 acres of long staple cotton are now under cultivation, with the prospect of a greatly increased acreage next season.

WHALIN GFROM THE AIR

A new wrinkle is out in the whale hunting game.

The mammoth of the sea is all set for combat with the mammoth of the air, and if the Pacific coast whales only knew the "blimp whaling" plans that are on foot among the old-time whale fishermen, it is safe to wager they would apply for passports to mid-Pacific waters. Captain John Loop, a Long Beach skipper famed as a hunter of leviathans, veteran though he is, keeps step with the times, and has worked out a whaling trip with P. K. Coe, aeronautic sales manager for the Goodyear Tire & Rubber Company of California, using the Goodyear pony blimp as a whaling craft.

The scheme is to harpoon the sportive ocean giant from the air. The blimp pilot releases a trigger and the harpoon seeks out its target. A long rope is fastened to the end of the harpoon and on the other end of the rope is a buoy which serves as a marker for the boatmen who hover nearby to capture the whale when he comes up for air.

A passage in the Bible referring to the finding of Moses in the bulrushes in an ark "daubed with slime and with pitch" is said to be responsible for extensive and promising operations by the Standard Oil Company in that part of Egypt.

LEARN THE SIGNALS

MANY ACCIDENTS OCCUR BECAUSE DRIVER MAKES WRONG MOTION

It seems like vain repetitions but the Evening News intends to persist in warning auto drivers to learn the proper signals and then to use them properly. Many accidents occur from lack of signaling or from giving wrong signals. A serious accident, in which two men were hurt and two cars badly wrecked, occurred this week on the San Fernando Road at the end of Broadway. The man whose car smashed into the other machine said in describing the accident: "The other driver gave no turning signal, so I could not help hitting him when he turned in on Broadway for I, of course, expected him to keep straight ahead, and there were so many cars on the road, some one was bound to hit him as he turned." Perhaps if all the drivers had not been going at too high speed and had kept a careful watch out ahead, no one would have been hit. But the main cause of the smashup, if the above statement of the driver is true, was the failure to give the turning signal.

Not long since a young woman driving a car thrust her hand straight up in the air, indicating a turn to the right, but instead brought her car to a sudden stop. A car close behind very nearly ran into hers and would have done so had not its driver been watching his business. The young woman's hand should have pointed downward.

Study the signals, then have your wits about you so you'll know which signal to use for every occasion.

RULES OF THE ROAD

THE ANTI-AUTO CLUB DRAFTS REGULATIONS FOR MOTORISTS

1.—Upon discovering an approaching team, the automobilist must stop off-side and cover his machine with a blanket to correspond to the scenery.

2.—The speed limit on country

roads this year will be a secret, and the penalty for violation will be \$10 for every mile an offender is caught going in excess of it.

3.—In case an automobile makes a team run away, the penalty will be \$50 for the first mile, \$100 for the second, \$200 for the third, etc., that the team runs, in addition to the usual damages.

4.—On approaching a corner where he cannot command a view of the road ahead, the automobilist must stop not less than 100 yards from the turn, toot his horn, ring a bell, fire a revolver, halloo, and send up three bombs at intervals of five minutes.

5.—Automobiles must again be seasonably painted, that is, so that they will emerge with the pastoral ensemble and not be startling. They must be green in spring, golden in summer, red in autumn and white in winter.

Automobiles running on the country roads at night must send up a rocket every mile and wait ten minutes for the road to clear. They may then proceed carefully, blowing their horns and shooting Roman candles.

7.—All members of the society will give up Sunday to chasing automobiles, shooting and shouting at them, making arrests and otherwise discouraging country touring on that day.

8.—In case a horse will not pass an automobile, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.

9.—In case an automobile approaches a farmer's house when the roads are dusty, it will slow down to one mile an hour and the chauffeur will lay the dust in front of the house with a hand sprinkler worked over the dashboard.—The Automobilist.

TOPS AND SIDE CURTAINS

The development of tops and side curtains has been in line with other improvements in the motor car. Since the earliest days, the trend of manufacture has been largely determined by the desire of motorists.

For no other reason than that the top has an important part in the

Willing to Wait for a Buick

"I'M WILLING to wait for a Buick," said a man who is in the market for a car, the other day. "I prefer to buy a car of long established efficiency. I want to feel there is something back of me. I'll have more confidence in taking my car out on the road if it's a Buick."

"Not only that, but the record of the Buick Valve-in-Head motor for economy, and the results of the thousands of tests of Buick tire and gas mileage make this car a very attractive proposition for the man who is in the market for an automobile for pleasure or business use."

"I have made a study of the Buick from every standpoint and I am ready to wait my turn for delivery."

complete equipment of a motor car, has it been brought to its high state of development. The public has demanded an open car with a top that, while practically permanent, could still be lowered.

Considering the number of motorists who drive with their tops up, it is, indeed, surprising to note that more of them have not removed the carrier irons on the rear of the body and discarded their slip covers entirely. Unnecessary encumbrances

would not only be done away with in eliminating the carrier irons, but the beauty of the car would be improved immensely.—Buick Bulletin.

The first automobile ever constructed in the province of Quebec will be added to the collection of relics in possession of the Chateau de Rampepa.

In the 4,000,000 square miles of territory in China there is not one motor road ninety miles long.

"IT IS THE LAW"

THIS IS A SUFFICIENT REASON FOR OBEYING EVERY CITY ORDINANCE

Many auto drivers condemn in unmeasured terms the efforts of the police authorities to enforce traffic regulations. Those sections prohibiting turning around between street crossings, against cutting corners and against "dark" head and tail lights, come in for special condemnation. "Why," some say, "did we work so long and hard to get the tracks of the P. E. lowered to grade if we can't cross those tracks except at street intersections? We could do that before, so how are we any better off for the lowering?" Ad-

mitting the soundness of these arguments, there is one conclusive argument in favor of enforcing this provision as well as all others—it is the law. That ought to be enough. It is a state law and it is a city ordinance. Said ordinance was passed by our duly elected city trustees, after careful deliberations which every citizen had a right to hear and then enter his objections. It was duly published in the Glendale Evening News, so that every auto driver could read and understand just what it prohibited. It entails no hardship on any one, it wastes no more than one minute of any driver's time (we are referring to the provision against turning around between crossings) and it is a deterrent of collisions and other accidents. But the one overshadowing reason is: "It is the

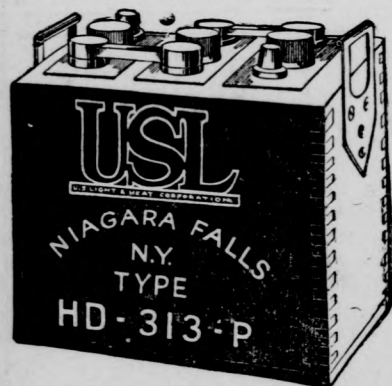

law." And as long as it is the law it should be scrupulously observed. If it is a bad law then it should be repealed, and the drivers who now oppose it and take every opportunity afforded of violating it, should proceed at once to bring about its repeal. The police officers are sworn to uphold and enforce the laws of city, county, state and nation. All good citizens should do their best to aid them in doing these things.

CORRUGATED ROADS

CONTRACTORS SHOULD HAVE ROADS IN SAFE CONDITION FOR TRAVELING PUBLIC

Carelessness on the part of contracting firms and individuals who are engaged in sewer construction, pipe-laying, and street repairing has given rise to numerous complaints from motorists and truck-drivers who are constantly using the city's highways. Many pavements have been dug and left in an obstructing, and even dangerous condition for days at a time. A number of the contractors, in temporarily re-filling the openings made, pile the dirt in and over the gap made so that it causes passing vehicles to cross between the street-car tracks and back again, rather than to pass over the obstruction, which usually stretches from the curb to the street railway tracks.

This action on the part of those digging up the streets, in compelling motorists to use the car-tracks, makes such motorists liable to an arrest and a fine, but they frequently accept such a risk rather than take the chance of a broken spring on their cars. It is of course necessary to tear up the streets to connect sewers, and lay pipes to adjoining property, but the contractor should be required to keep that portion of the street in which he is working in a condition which would make its use by the motoring public safe and comfortable. When dirt is piled up in the manner indicated, it often sinks, after settling, to several inches below the surface, leaving a gap which is likely to result in damage to any motor crossing it, especially if traveling at a fair rate of speed.

ANNOUNCEMENTS

ADVERTISEMENTS

WHAT HAS CHRISTIANITY DONE FOR THE WORKING MAN?

Speaking from the standpoint of a working man, having mastered a trade himself, Rev. W. E. Edmonds' Sunday evening sermon at the Presbyterian Church will be of special interest. His subject will be, "What Has Christianity Done for the Working Man?" Working men and their families are especially invited to this service.

NOTICE

The Cooksey-MacMullin Studio at 215 North Brand Boulevard will be closed from August 1 to September 1. MRS. JESSIE COCKSEY. MRS. HELEN E. MACMULLIN.

Personals

Mrs. Scott W. Johnson of Long Beach was in town Thursday visiting friends.

C. D. Thom and wife returned this morning from an extended visit in eastern states.

C. J. Letts and wife went to Santa Monica Friday afternoon to attend the bowling match. They will return this evening.

Mr. and Mrs. Herman Paine of 339 North Maryland are entertaining the "Jolly Dozen Card Club" this evening.

Miss M. Kirkpatrick of Michigan arrived Friday to visit her sister, Mrs. Jack McKenzie, of 1524 Lorraine street for the summer.

Mr. and Mrs. W. H. Kerr of 3512 Atwater avenue have just returned from a two months' trip, visiting San Francisco, Portland, Seattle, Chicago, Buffalo and Denver.

Walter J. Adams, who lives at the Elks' Club and is an official of the Moreland Truck Company of Burbank, left for Denver, Colo., this morning for a month's vacation.

Mrs. May Wood-Arfwedson has returned to the home of her mother, Mrs. S. R. Wood, 434 West Harvard, after two years spent in hospitals recovering from a severe burn.

Mrs. Ivan A. Robinson and children, Dorothy and Bob, of 1520 Lorraine street, leave by boat Thursday morning for San Francisco where they will visit relatives for several weeks.

Mr. and Mrs. F. G. Culver of Redlands are guests of Mrs. R. A. Phillips of 363 West Ivy street. Rev. Culver will occupy the pulpit of the Congregational Church Sunday night.

Mrs. H. A. Sawyer, son and daughter of 301 North Louise street leave Sunday for a month's outing at Laguna Beach. Mrs. Sawyer is having a home built on Jackson street which she expects to occupy soon after her return.

Friends of Mr. and Mrs. Glenwood Jones, who left here in April, recently received letters from them dated at Olean, New York, where they were visiting relatives, announcing their expectation of going to England.

A. L. Smith of 617 North Adams street is looking forward to a visit from his son, Martin T. Smith, of St. Louis, who with his wife is expected to arrive in Glendale tonight or Sunday morning. Mr. and Mrs. Smith will spend two weeks visiting relatives and friends here.

Geo. J. Clayton, who recently came here from Toronto, Canada, accompanied by his mother, has just bought, through A. J. Lucas, the FH-linger Place of two acres, on which is a seven-room house, just across the S. P. tracks on Park avenue and will add many improvements to the place.

Miss Clara Midcalf has returned from her most enjoyable trip to Salt Lake City as a delegate to the N. E. A. and is at Santa Monica with her sister, Miss Alice, for the remainder of the summer. Miss Alice was in Glendale yesterday, looking after some business affairs, returning to Santa Monica in the evening.

Mrs. R. D. Angelica of 712 N. Maryland avenue left this morning for San Francisco where she will visit Mrs. L. Bryant, a former resident of Glendale. About the middle of next week Mrs. Angelica will meet her husband in San Francisco, as he starts west today after a month's visit in Chicago. They will spend a week together in the northern city before returning to Glendale.

Miss Margaret E. Clarke of Honolulu was the guest of Mrs. C. E. Stanley of 108 North Everett street Monday. Miss Clarke, though born near Cincinnati, Ohio, has lived in Honolulu for a period of years, occupying the position of instructor of music in the Oahu College. She will return to Honolulu early in August. This is her second trip to Glendale, she having visited here a year ago.

Mrs. Charles Lindenschmit, a noted clubwoman of St. Louis and her daughter, Miss Julia, supervisor of physical culture in thirty of the St. Louis public schools, are spending a fortnight in Los Angeles and Glendale seeking recreation and incidentally studying the playgrounds, orphanages and old folks' homes, in which class of welfare work both feel a lively interest and have devoted much time back east.

Mr. and Mrs. Frank Ayars of 315 North Orange street are leaving the first of the month for Hermosa Beach. Mr. and Mrs. G. D. Roach of West Lomita, who have recently sold their own home, will occupy the Ayars home in the absence of the owners, an arrangement very satisfactory all around. Mr. and Mrs. Ayars on Thursday evening had the very great pleasure of entertaining as a dinner guest, Prof. Wright, now of Harvard, but a former instructor to whom they were greatly attached when they were students at Knox College, in Galesburg, Ill.

Great Satisfaction !

Mr. Arthur S. Walther, Agt. Provident Life & Trust Co. Dear Sir:

"I take pleasure in expressing to you my great satisfaction over the way my policy in your company panned out. IT WAS ONE OF THE BEST INVESTMENTS I EVER MADE, furnishing me protection at a very cheap rate and returning surprisingly good dividends. I believe you have one of the best companies in the world."

Yours truly,
Harry E. Andrews.

Mr. Andrews is managing editor of the Los Angeles Times. He insured March 20, 1888 at age of 28 and matures the policy at age 60. His premium was only \$27.30 per thousand. In the 32 years he actually paid in cash \$873.60 per thousand, and received in dividends \$206.76 per thousand, making an actual gain of exactly 50 per cent besides having the insurance for nothing. Can you beat it?

TRACTOR SHOW

(Continued from Page 1)

ning News for giving out publicity on all matters pertaining to the Show which committee chairmen deemed necessary.

Mr. Kitterman spoke for Herman Nelson, who was called away, saying that the Ways and Means Committee desired that each of the other committees prepare, at the earliest opportunity, a budget outlining necessary expenses and funds required, so this committee could proceed to raise the amount needed.

Dr. C. Steelman, for the Decoration Committee, promised a city beautiful if necessary funds are granted to procure and put up suitable decorations.

Stafford Harlow, local secretary of the Auto Club of Southern California, said the club will be only too glad to post all roads in the vicinity with signs pointing to Glendale as the National Tractor Show location, as that was the club's work.

Capt. Dru Nicoles spoke of the wonderful growth of the American Legion and said the order would do everything possible to make the big Show a success.

On motion of Chas. L. Chandler the chairman was directed to appoint an executive committee of five members to have general powers.

Lee Thomas moved and it was carried that an Emergency Committee of five be appointed by the chair to look after all matters not covered by committees already provided for.

Mrs. Ann P. Bartlett was called upon as the only representative of the City Trustees present, for an expression and she said she was sure the members of the Board would do all in their power to further the work.

Ezra Parker referred to the great reception and banquet given the Shriners fifteen years ago when Glendale was a village and to the big barbecue of 10 years ago and said we certainly could now, with our 17,000 population, raise an ample fund to provide a royal good time for all our guests.

The ladies present were Mesdames E. H. Willisford, C. E. Hutchinson, A. A. Barton, Andrew Findlay and L. D. Sinclair of the housing committee and Mrs. Ann P. Bartlett of the Board of Trustees.

Miss Gertrude Roe of North Kenwood leaves Sunday for several weeks' camping trip at Camp Curry. Miss Rowe is an enthusiastic camper. This will be the fourth summer she has spent in the Yosemite.

Ground to be Broken Soon for Glendale Research Hospital

Permission has been granted to the directors of the Glendale Research Hospital by the Commissioner of Corporations to begin work on the hospital. It is now planned to begin excavating for the building not later than August 15.

The new hospital will be located in the Piedmont Park section, on a site ample for present and future needs and at an elevation insuring good air and a pleasing prospect in all directions. The building will be of hollow tile and of simple and beautiful design.

The Glendale Research Hospital was incorporated for \$100,000. The capital stock was divided into 1000 shares of the par value of \$100 each (all common stock) and considerably more than half of this stock has been subscribed.

Will It Be Your Hospital?

It is no longer a question of whether or not we shall have this hospital. The question is, are YOU going to have an interest in it? Glendale Research Hospital stock is on the market. You can buy as little as one share and pay for it in monthly or quarterly installments if you wish.

We feel that everyone in Glendale is familiar with our plans and methods for building and financing this hospital but if there is any point on which you are not quite clear, won't you give us a chance to explain it to you?

Call Glendale 408 if you wish to purchase stock or for any information.

DODGE BROTHERS

BUILT GOOD WILL ALONG WITH
HALF MILLION CARS IN
PAST FIVE YEARS

"Dodge Brothers' business has just reached and passed another milestone in its history," said George E. Clayton, local Dodge dealer.

"In a little over five years more than a half million Dodge cars have been placed in the hands of owners. If this sales record represented the appeal of a price, the total would not be particularly impressive. The important thing is that the car is not thought of in terms of price but in terms of value.

"How often you hear the car spoken of and how seldom the price. It is the quality of thought which surrounds it which makes this success noteworthy. Because people think well of these cars it is still impossible for Dodge Brothers to build enough of them.

"It is an inspiration and an encouragement to build well—because the reward, in this country, is so great and so sure.

"The eagerness to own the car is greater today than it has ever been. The reason is not far to seek. Take first the mere numerical ownership. Remember that the satisfaction of one-half million owners is not casual but deep and profound. Multiply them by the average family of even three. Remember that all of these are warm friends.

"You will begin to understand then why Dodge Brothers have been building new buildings ever since the business began. You will get an idea of how much men can do when the homes of this country are solidly behind them."

Automobile drivers should firmly resolve to look out for own safety and guard against careless drivers.

WELL BUILT

AUTO CONSTRUCTION GENERAL-
LY THE STRONGEST AND
THE BEST

Perhaps the one strong outstanding feature of the automobile is its durability. Oh, yes, you hear and read about flimsy construction of auto parts, auto bodies and auto "running gears," but you never hear of autos suddenly collapsing, as well-built buggies and wagons used to. And the wear the average auto gets, due to the speed with which it travels and the bumps over which it runs, as seen in many macadam highways, is certainly racking enough to shake to pieces any but the strongest-built machine. The truth is that the average auto is, next to the locomotive, the most strongly built motor-driven creation built. Automobile construction is yet very young, only about 26 years old and some of the first machines built, crude as they were, are still running. It is not likely that any of them will make the record in years of the "Wonderful One Hoss Shay" with its 100 years of faithful service. Yet 25 years to an auto is equal to 100 or more to a horse carriage. Frequently we read statements such as that one in yesterday's Evening News of the Buick that had covered 32,000 miles with so little wear that it brought a large advance in price over the original cost. Probably the same thing in a greater or less degree could be said of every make of auto that is sold by Glendale dealers.

A Ford once disputed the right of way with a heavy passenger train in Michigan and the big engine was derailed, while the Ford was little hurt.

On this coast, more than one machine has rolled a long distance down

Ford

THE UNIVERSAL CAR

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying those problems for sixteen years and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garages are equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealers for service.

LIZETTE

ROMANTIC FORD OWNER WAXES
POETICAL ABOUT 1910
FORD

For several years now it has been the accustomed thing to refer to a Ford car as a Tin Lizzie, but L. B. Graves has discovered one Ford owner, who must have been in France lately for he has changed the good old Anglo-Saxon "Lizzie" into Gaelic "Lizette." Like many another true lover he has turned to poetry to show his real appreciation and love for his "Lizette."

Though made of tin,
A pal you've been.
I've loved you since the day we met,
My own Lizette.

My one great joy,
My fun, my toy,
I'm mighty proud of you, you bet,
Petite Lizette.
You're staunch and true,
You've pulled me through,
Some places where great danger
lurked—
Trusty Lizette.

You're getting old,
I'm often told;
Who cares? Not I. Old wine is fine
Beloved Lizette.

Who's this Lizette?
Be still, don't fret.
The truth will give you all a jar
Who is Lizette?

This girl of gold,
The one I hold,
Is my "one-nine-one-ten" Ford Car.

TRAFFIC RULES

AUTOMOBILE CLUB IN CAM-
PAIGN FOR SANE OBSERV-
ANCE OF LAWS

Some motor truck owners have taken issue with the Automobile Club of Southern California in its charge that indifference to traffic rules and to "courtesy of the road" is characteristic of a large number of truck and delivery-wagon drivers in Southern California.

An open letter addressed to the newspapers setting forth the case on behalf of the motor trucks in particular has been issued in which it is stated that motor trucks are so mechanically constituted that it is impossible for them to violate the speed laws, and pointing out that often baggage trucks must hurry to the depot to deliver trunks.

Through Secretary Standish L. Mitchell the Automobile Club yesterday came forth with its final statement in regard to its desire for a sane observance of local traffic rules and general welfare.

The case of the slow-moving truck on the city streets and on rural roads is first considered. The club points out that such trucks, whether heavily laden or not, often "hog" the middle of the street or road, causing traffic to flow around them in such a way as to provide opportunity for some excellent and spectacular accidents.

This practice is indulged in, say club officials, even when there is opportunity for the truck to keep well over to the right.

"Truck drivers too often assume that because they are driving unwieldy vehicles that the roads are dedicated exclusively to their use, despite the fact that they are very far in the minority so far as the volume of traffic is concerned," the club points out. "No one in his right mind will bump into them, and no one in his right mind will fail to keep out of their way, even at the risk of colliding with a lighter and less dangerous vehicle. The heavy

\$7900. Terms. 7 room house on North Maryland. 28 fruit trees, bearing.

Don't Forget the Number
123 North Brand Blvd.

BEAUTIFUL HOME

HACIENDA STYLE HOUSE BUILT FOR OCCUPANCY BY L. A. LADY

On North Brand boulevard near the Wash a white plastered structure of Spanish hacienda architecture is nearing completion, and will probably house its owner, Miss Lulu E. Dykes, of Los Angeles, Monday. The cost will reach \$8500. Miss Dykes says. She drew her own plans. The work has been going on for three months, many delays having been occasioned by the difficulty of obtaining material. The house is 53 feet wide and 32 feet deep, and contains six rooms, the living room, dining room and breakfast room occupying the front half of the house while two bed-rooms, bath, hall, kitchen and screen porch take up the remainder.

The living room is 15 by 21 feet and contains a tile fire-place in ivory, the floor tiling being a shade darker than the fire-place. French windows and doors light up this pleasant room. The dining room, which is 15 by 16 feet, has a beautiful but odd buffet, the wood-work forming three arches over the top. The breakfast room and dining room are both well supplied with French doors and windows. The kitchen has all the usual built-in features and the best arrangement for the convenience of the cook, the stove being within easy reach of the sink, which is to the left of the stove. The hood over the stove is elevated to the ceiling instead of coming low over the stove, which allows all warm air to escape easily. The cooler communicates with the 12 by 12 foot cement cellar. The instantaneous water heater is another handy adjunct, being on the screen porch with the other usual features.

The floor of the ample bath-room is of a composition similar to wood-stone, but superior in that it does not stain and can be washed without oiling. The bed-rooms are 14 by 16 and 12 by 14 respectively, each with large closets, containing a window. Miss Dykes has inserted a feature in the closets which would appeal to any feminine heart, that of a full-length shelf about a foot from the floor to hold shoes and also the owner when she sits down to put them on. The bed-rooms have three lights on the walls, instead of hanging from the ceiling. Vacuum cleaner outlets also feature each room.

There are two lights on either side of the front door to match the trimming of the inside lights and door fixture which is verd-green—a combination of copper and green. An open cement landing is on the front and the windows will have iron balconies.

There is a side-front porch which communicates with living room and one bed-room. Hardwood floors are seen throughout except in the kitchen.

The dazzling white exterior is relieved by the red tile roof and projections over the windows. While it is a wood structure plastered over, it looks like solid work as the walls are thick and the plaster surrounding the windows extends in with no outside woodwork. There is a double garage.

Miss Dykes plans extensive improvements to the grounds in the way of beautifying the bulkhead of the Wash with vines and flowers, installing automatic pipe sprinklers and grading down her parkway. Miss Dykes has purchased 1 1/4 acres of land but expects to sell all but the 130 feet front which her grounds occupy. She is pleased with her location and says lots are more reasonable here than in other suburban cities.

TRAFFIC RULES

(Continued from Page 6)

truck is pretty safe, and the drivers know it only too well."

"Speed" is not the only element of danger in handling motor-driven vehicles, says the club. There are other things which are really more dangerous, and from which more accidents may result.

One of them is in failing to consider the rights of other people when on the street. This is one of the things in which truck drivers and delivery boys are particularly lax.

In replying to the Automobile Club's suggestion that the operators of commercial wagons be curbed in their carnival of "I don't careness," truck representatives here say that truck driving and delivery-wagon driving should not even be mentioned in the same breath. They hold no brief for the grinning-faced delivery boy, and they allege that truck drivers are paragons of politeness and consideration.

"There is practically as much to be said against the truck-driver who 'hogs' the middle of the streets at all times as there is against the delivery-wagon driver who ignores all right-of-way rules," stated Mitchell.

"In fact, taking up the matter count by count, the deflections of each could be about equally divided. Where a delivery boy fails to consider public safety in one respect, a truck driver offends in another. However, it must be admitted that since there are more scurrying delivery wagons dashing around the streets, their offenses are more often noticed than the derelictions of the heavier trucks."

San Francisco, through city authorities and residents of peninsular cities, has come forth with some vitriolic remarks in regard to the reckless operation of auto busses on the roads leading from and into that city. It is urged there that the busses strictly obey traffic laws.

NOTICE OF HEARING

Public notice is hereby given that the Board of Trustees of the City of Glendale did at its meeting on July 22, 1920, fix the time for hearing protests against the opening, widening and laying out of Commercial Street from the north line of Broadway to the northeastern line of San Fernando Road and from the south line of Broadway to the westerly line of Central Avenue, and more particularly described in Ordinance of Intention No. 383 for Thursday evening, August 5, 1920, at 8 p. m.

GOOD RECORDS

BUICKS OUTLIVE ORDINARY CONCEPTION OF AUTOMOBILE LONGEVITY

What becomes of Buick cars after their first years of service?

Tanner & Hall, local distributors, have on file remarkable records of Buick achievement.

From South Africa comes an answer in a 1913 roadster which for more than seven years has faithfully mastered the crude, rough trails and steep hills of the darkest continent. And in Seattle, Washington, a 1914 Buick has traveled more than 118,000 miles and is still going.

From another western state, Nebraska, comes the news of a Buick model 33, that is today giving excellent service to the same owner after nine years of hard, gruelling work. Then, there is the Buick model G-37 that has negotiated more than 25,000 miles of Kansas roads since purchased two years ago by its present owner and during that time cost only \$25 for repairs!

Buicks find their way into humanitarian service, too. One 1914 model lately equipped with a new body, is now in ambulance service for a well-known undertaking firm in Bedford, Ohio.

These are but a few of thousands of Buick cars, models of yester years, that have outlived the ordinary conception of automobile longevity.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 27th day of May, 1926, did at its meeting on said day, adopt a resolution of intention No. 1100 to order the following improvement to be made, to-wit:

Section 1. That all of that certain portion of that fifteen (15) foot alley in Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California, be closed up, vacated and abandoned for street and alley purposes.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

Beginning at the intersection of the easterly line of Sycamore Canon Road and the southerly line of Lot 1, Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California; thence easterly along the southerly lines of Lots 1, 2, 3, 4, and 5, of said Tract No. 1680 to the southeast corner of said Lot 5; thence southeasterly across an alley to the northeast corner of Lot 28 of said Tract No. 1680; thence westerly along the northerly line of said Lot 28 to the intersection of the northerly line of said Lot 28 and the easterly line of Sycamore Canon Road; thence northerly along the easterly line of Sycamore Canon Road to the point of beginning.

Section 3. The district to be assessed for the expenses of said improvement is described in, and reference is hereby made to said Resolution of Intention No. 1100 for further particulars of said work.

SUMMONS

Action brought in the Superior Court of the State of California, in and for the County of Los Angeles, and the Complaint filed in said County of Los Angeles, in the office of the Clerk of said Superior Court.

In the Superior Court of the State of California, in and for the County of Los Angeles.

Eula Towne, Plaintiff, vs. Merton A. Towne, Defendant.

The People of the State of California Send Greetings to: Merton A. Towne, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Los Angeles, State of California, within ten days after the service on you of this Summons—if

served within this County; or within thirty days if served elsewhere. And you are hereby notified that unless you appear and answer as above required the said plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or said plaintiff will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal of the Superior Court of the County of Los Angeles, State of California, this 11th day of July A. D. 1919.

ROY W. DOWDS, Clerk.
